District grants give Rotarians freedom in determining how to best spend funds donated to The Rotary Foundation in their district. Each Rotary year, districts may apply for one district grant, which can be used to support one or more projects, based on that district’s interests and needs.

The Rotary Foundation funds district grants with District Designated Funds (DDF). Each year, your district may request up to half of your available DDF, which in turn represents half of your district's Annual Fund donations from three years earlier. This system, known as SHARE, enables Rotarians to benefit from the short-term investment of their donation dollars.

Applying for a district grant is an easy, online process. Note, however, that the application requires specific information about your spending plan, bank account, and account signatories, so it’s best to have this information available before you begin.

Also note that district grant applications must be authorized by the district governor, district Rotary Foundation committee chair, and district grants subcommittee chair. Before starting this application, please ensure that your district governor has identified these officers and that the officers have registered with Member Access.

6:	Circleville	Education: literacy	This Dictionary Project will provide dictionaries to every third grader in Pickaway County. This project estimates to provide dictionaries to 800 students in the county. Our county has experienced increased poverty rates for children living in poverty and our club promotes education as a means to move out of poverty. The club members will personally visit all four school districts and one private school to share the dictionaries with the students and staff. Each dictionary includes a sticker identifying our club donation and the Rotary Four Way Test. Our Club designates a committee to complete the tasks of this project.	United States	750	612
7:	Clintonville (Columbus)	Education: scholarship	Clintonville Rotary is continuing a scholarship for Clintonville High School Seniors pursuing post-High School education. The scholarship is open to all students attending school in the 43214 and 43202 zip codes and within the boundaries of Clintonville. (Geographic area defined in detail area.) The scholarship is based on the Rotary 4-way test and students' ongoing demonstration of those principles as youth in the community. Multiple Clubs, Districts and RI Foundation Grants have created this 10 acre campus which is home to 75 orphans. In 2012, we established Rafiki Academy to educate our own orphans through grade 8, as well as children from the nearby town of Nderi. Beginning in the original trade school donated by the Rotary Club of Newark, OH, it quickly outgrew those walls, and a second building was added, as well as Schools of Art and Music. A club and District match in the 2014-2015 year was instrumental in completing the second building. Recently a second story was added to the Barbara and Terry Davis Upendo Clinic building to add a third Academy site on campus with an additional three classrooms. Currently approximately 275 students attend the Academy. Significant additional students could be accommodated if certain enhancements to the current situation were accomplished. A Global Grant is currently being prepared by Rtn. Gary Vaughn to meet those needs, which include a second school bus, new computers, and other items. However, not all of the necessary items for expansion could be accommodated within that budget. This request will be complementary to the Global Grant to allow for the addition of approximately 75-100 additional students. Because these students will be paying students from the town, this will further enhance the financial position of the overall Rafiki organization, and move it even closer to becoming self-sustaining.</p>	Kenya	2000	2000

11:	Dublin A.M.	Education: literacy	<p>The Dublin AM Rotary's Literacy Committee has sponsored a children's author visit in the spring at Daniel Wright Elementary School for the last 5 years. Daniel Wright's students experience higher rates of poverty than any other school in the Dublin City School District. 42% of Daniel Wright students qualify for free and reduced price lunches and 30% qualify for the reduced price lunch program based on their family's income level. Our Club works closely with the school district and the community to support the literacy needs of these students due to the high correlation of poverty and illiteracy. According to the National Institute for Literacy's 2014 report associated with the U.S. Census Bureau, 3 out of 4 people who are on welfare cannot read and between 46 and 51% of American adults have an income level well below the poverty level because of their inability to read. In addition, school drop outs cost the United States an estimated \$240 billion in social service</p>	United States	1000

In 2017, District 6690 supported this literacy initiative by allocating \$2,000 so that all of the first graders at Daniel Wright could receive a copy of the book entitled, "Be a Friend" by Salina Yoon. We were also able to invite Emily Arrow to the school, who is a singer, song writer who wrote a song to accompany the book. Emily performed and did a sing-a-long with the students. There was an emphasis on the whole family engaging in the program so that the importance of reading and literacy could be shared with the family as a vital educational tool. We are asking that the District assist with funding a portion of the 2018 spring author visit at Daniel Wright that is currently in the planning stages. The program will include an author visit, a book give-away and programming to highlight the importance of reading as a family.</p>			
12:	Dublin A.M.	Education: literacy	<p>The Dublin AM Rotary's Literacy Committee has donated dictionaries to all of the 3rd graders in the Dublin City School District every fall for several years. This literacy initiative has become increasingly important as the students in the school district have become more diverse and language and economic difficulties create learning and reading barriers. The school district currently reports having 1,420 students who are English Language Learners speaking 60 different languages enrolled in the 2015-2016 school year. The percentage of students enrolled in the Dublin City School District who use English as their second language is increasing each year and this is significant as non-English speaking children and their family members are more likely to live in poverty than their English speaking peers. The Dublin-Worthington Rotary Club has been working toward the completion of this project with both financial and labor resources. The facility is located on the grounds of Thomas Worthington High School, directly adjacent to the Olentangy Parklands and Central Ohio's busiest multi-use trail. This grant request is for \$2,000 to assist with landscaping and construction of a path directly adjacent to the new pavilion along with rain barrels to handle roof water. Our club will be providing the labor (as well as funds) for this landscaping project which will include signage/recognition of Rotary as a contributor on the overall project.	United States	2000	1490

I'BOTA preceded formal education in Nigeria, but it now offers a way to provide an education to children, adults, and especially women, in the remote Village of Iguoshodin N'ebudin North East in the State of Edo. 18:	Jackson	Education: general	Our objective is to provide material assistance in the form of school supplies project supplies, to 225 low income kindergartners in the Jackson City Schools and to 100 low income kindergartners in the Oak Hill Union Local School District. We see this as a positive investment into our youth, especially those experiencing economic hardships, which will trickle up to our greater community. Early childhood success is commonly associated with success in later life, but without the proper tools, students will begin their school experience at a deficit. We hope that our program will decrease that deficit, thereby allowing the students to begin their first year of school in a very positively manner.	United States	1500	1310

We are partnering with the City of Lancaster / Lancaster Parks and Recreation to make this happen. Throughout the Rotary year, 100 trees will be planted by Rotarians across the city for all to enjoy. (Just to clarify, this is not an event related to the celebration of our 100th Anniversary. This is a project that we are completing during our 100th year, but is not related to the anniversary celebration event. We understand that events cannot receive grant dollars. 36:	Marietta-Morning	Education: literacy	<p>The objective of this project is to provide every third grade student with a dictionary of their very own with the purpose of building a love for literacy and language. Additionally, providing each classroom with an atlas builds a desire to understand the geography of our world and a knowledge of our place within it. Growing up in an Appalachian county, many families of students in our area struggle to afford even basic school supplies. In some cases, the struggle to provide for their family reduces the parental focus on the importance of education and love of language. By providing something as simple as a dictionary, we hope to instill within these students the importance of mastering language and vocabulary and a certain amount of pride in owning their very own, and often first, dictionary. 6. TRF reserves the right to cancel the Grant and/or this Agreement without notice upon the failure of the District to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the District of any Grant funds, including any interest earned, that have not been expended.
7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.

Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against the District and/or individuals traveling on Grant funds in any court with jurisdiction over them.
9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.
10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.
