

District 6690 Conference

Service Project Blitz

Happy New Year Club President,

Due to COVID-19, our annual District Conference will look a little different. We will be combining with the other Districts in Ohio for a virtual experience that you will not want to miss. In addition, we plan to hold a District 6690 picnic where we can safely gather and share the fellowship of Rotary for maybe the first time in a while! Look for more details as they become available.

As part of the District Conference, we are planning a Rotary Service Project Blitz in District 6690. Several of our smaller clubs do not have the manpower to take on a large service project. We would like to help. In the months of April and May, we would like to dispatch Rotarians to any club in the District that needs manpower help for any project. This is your opportunity to tackle that project that your club has always talked about but did not want to “bite off more than you can chew” (so to speak). If it is a park/playground clean-up, food pantry remodel, streetscape project, garden/flower bed planting, shelter house painting or possibly a project at a local school building. Rotarians want to help! Your club will be responsible for gathering and paying for any needed materials for your project, but if additional materials are needed, please let us know and the District may be able to help.

We would also like to plan a continental breakfast or boxed meal for volunteers during these service projects utilizing a business from your local area. This is another way we would like to support the communities in our District.

Please discuss this with your club members and brainstorm for great ideas to improve your community. This is your club’s opportunity to dream big! Please submit any projects for consideration using the attached form. Projects should be submitted to your Assistant Governor by February 28, 2021.

Service Above Self!
